How to strategize for college admissions tests – SAT, ACT, AP, Subject, and PSAT

The college application process is a stressful time for students and families. Join us to hear from expert college advisors who work in the Sacramento area on how to approach standardized test options. This free presentation is open to all high school students in the Sacramento City Unified School District. This presentation will cover:

- What test is right for you?
- When to take tests?
- How are tests used and viewed by college admissions officers
- Learn about super scoring, test optional schools and more!
